DETAILED ACTION

Drawings

1. This application, filed under former 37 CFR 1.60, lacks formal drawings. The informal drawings filed in this application are acceptable for examination purposes. When the application is allowed, applicant will be required to submit new formal drawings. In unusual circumstances, the formal drawings from the abandoned parent application may be transferred by the grant of a petition under 37 CFR 1.182. Fig.5 has not been labeled. Figures are missing reference characters (a,b,c,d..... etc) as indicated in specification. Figures should only have labels and reference characters and should not have other writings/verbiage as in applicant's drawing (Type of game pieces.....).

Claim Objections

2. Claim 1 objected to because of the following informalities: Claim should be in one sentence form only. If there are more limitations than one, they should be separated by semicolons (;) and the claim should end with one period (.). Appropriate correction is required. Applicant's claim has more than one period (.).

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 3712

4. Claim 1 rejected under 35 U.S.C. 102(b) as being anticipated by West (5,908,192). West teaches a board game having ball playing pieces (3:20), cards having club selection and resulting distance and direction (2:14-25, Figs. 2a-3h), a golf simulating board with a grid system (Fig.1 and 3:3-7), and board having green(2:40), fairways (4:12), etc. and yardage (5:42-44).
